

About us
Our Tooling range
Our Service

Dear Ladies and Gentlemen,

LEUCO is glad to present you our Newsletter with updates and details about us, events and our state of the art tooling solutions. The LEUCO Newsletter is a forum, which informs about different topics of tooling solutions for specific production tasks and LEUCO's latest innovations.

LEUCO Singapore Pte Ltd is the local partner for the woodworking industry in South- & Southeast Asia. LEUCO's product range includes:

- TC tipped saw blades
- Shank type tools
- Diamond tools
- Tool Service (TC & Dia)
- Cutter heads
- Clamping systems
- TC & HSS knives
- Drill bits

Over 10.000 different standard items are available as well as custom-made tools to match specific requirements. LEUCO Singapore employs design & application engineers to provide fast & professional support to all their customers in the region. Put us to the test!

Management Changing

After managing LEUCO for more than 7 years in South East Asia, Mr. Markus Rossler, Managing Director of LEUCO Singapore Pte Ltd, will take over new responsibilities as International Marketing Director of LEUCO at our headquarters in Horb, Germany. Mr. Rossler set the roots for LEUCO Singapore Pte Ltd in May 1994. In the following years the number of employees

Mr. Markus Rossler

rose continuously, currently more than 50 people in South East Asia are working for LEUCO. In 1998 he built up LEUCO Malaysia Sdn Bhd in Melaka. In 2001, after the foundation of LEUCO Thailand and the start of our direct sales and service activities there, he handed over the management on July 1st 2001 to Mr. Max Theobald and Mr. Ray Goh.

Mr. Max Theobald

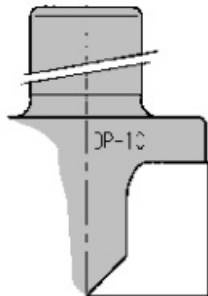

Mr. Theobald is Managing Director of LEUCO Singapore Pte Ltd and LEUCO Tooling, Co., Ltd (Thailand). Mr. Ray Goh is Managing Director of LEUCO Malaysia Sdn Bhd. We want to thank Mr. Rossler for his enormous engagement and wish him all the best for the future. At the same time we wish Mr. Theobald and Mr. Goh success and courage for the coming tasks.

The LEUCO Team

LEUCODIA Profiler

The new Diamond-Tipped Shank-Type Profile Cutters

Today's fast changing markets require individual profile-tooling-solutions with fastest delivery time. Especially for materials which are difficult to machine and for the production of small batch sizes LEUCO of Germany has developed the new **LEUCODIA Profilers**.

Customized tool solutions are achieved here within the shortest possible time via a flexible modular system. Determined profile zones mean that a suitable tool can be determined at the time of the discussion with the customer.

This reduces lead times for quotations significantly and allows delivery times ex Germany as low as 5 working days.

...with LEUCO

Dear Sir/Madam,

LEUCO Singapore cordially invites you to the WoodmacAsia 2001.

Exhibition in Thailand 2001
